Our Mission

The mission of the N. Providence Special Education Local Advisory Committee is to:

- ◇ Improve communication among parents, staff, administrators, schools and School Committee on special education needs through the promotion of a team concept.
- ◇ Advocate for partnerships with parents of students with disabilities to ensure that they receive the entitlements provided to them under state and federal laws.
- ◇ Inform the community of North Providence through the North Providence School Committee about current special education services, meeting needs, future plans, state and federal funding applications, and the evaluation and monitoring of outcomes of special education programs.
- ◇ Encourage a greater understanding, acceptance, compassion, and inclusion of children with special education.

The NPSELAC is currently seeking nominations for educators, teacher assistants, and therapists who have provided outstanding services for Special Education students, especially in the area of inclusion.

Inclusion is students with special education needs spending most or all of their time with non-disabled students. The goal of this recognition program is to increase awareness and recognize those people who are providing best practices in inclusive education.
