

NORTH PROVIDENCE SCHOOL DEPARTMENT
2240 Mineral Spring Avenue, North Providence, Rhode Island 02911
(401) 233-1100

June, 2020

Dear Parent(s)/Guardian(s):

Once again, the students of North Providence School Department will participate in our annual summer assignments. Research shows that practicing math and reading skills during the summer will help students be more successful in the fall.

The district summer homework program will provide children in Kindergarten to Grade 5 the opportunity to gain/maintain their skills in the area of reading and math. All students are to complete the tasks in the summer packet and return all completed assignments to your new classroom teacher by **Friday, September 11th**.

Students will receive a grade for this returned work. In addition to their first grade in reading & math, classrooms with 100% completion of the summer assignments will receive a reward.

As an **additional optional activity**, current students in grade 1-4 are encouraged to read for pleasure this summer and participate in the Scholastic Summer Reading Challenge (***If the Elementary School is completing this activity***) by logging in their reading minutes at www.scholastic.com/summer. Usernames and passwords have already been sent home.

But wait...

There's **MORE**...

As an extra incentive, be sure to attach the bottom portion of this letter to your child's completed summer work packet and your child's name will be entered into a drawing for a chance to win ***(Each school's incentives will be determined by the school principal.)***

All summer work **MUST** be completed and returned by the due date in order to have your child's name entered into the drawing. As always, thank you for your continued support and cooperation. Have a safe and enjoyable summer.

Sincerely,
Principal
