Diane Roberts
Tiffany Hervieux
David Radcliff
Ivy Kolb
Michael Miele
Andrea Creach
Victoria Lineberger
Johna Toner
Susan Ragano
Lynda LaCava
Amy Antone

1. Reviewed and responded to Family Engagement Survey and Surveyworks Data
(Data here: [Today's Slide Deck](#))

- I notice families like Dojo and this is something we are doing in a consistent school-wide way now due to the pandemic
- I notice that many families have the amount of information they need but many more would like more or specific info on curriculum and how they can support their children.
- I wonder if that is because fo current communication system or COVID
- I notice a common theme of parents liking parent teacher conferences and family activities. I wonder how we could combine the two?
- I wonder why the families that didn't respond , didn't and what their thoughts are on these issues.
- I wonder how we can get more families to respond!
- I notice parents seem to want parent teacher conferences.
- I noticed that "I have all the information I need" was a top choice across most grade levels.
- I wonder how parents would want the grade level curriculum?
- I noticed 1st and 5th grade Parent teacher conf were a higher %
- I noticed lower grades prefer daily communication and higher grades prefer weekly

See our notes here: [Partnership School Attributes & Greystone](#) in response to the following questions:

- a. How can we measure family engagement?
- b. What can we do (based on the survey) to get “closer” to a partnership school?
