

NORTH PROVIDENCE SCHOOL DEPARTMENT REGISTRATION PROCEDURE POLICY	Approved: 4/26/2017

Policy:

The North Providence School Department (NPSD) has created this policy which respects the rights of Town residents to register their child/children to attend district schools, Pre-Kindergarten through Grade 12 with appropriate residency documentation.

The district considers the unlawful registration of non-district residents to violate the policy set by the School Committee and will refer non-resident student cases to the local law enforcement for investigation. The district reserves the right to charge tuition to parents of students who falsify registration documents or are confirmed as non-residents.

Purpose:

The North Providence School Committee has created this policy to ensure that local funds allocated to support schools are restricted to benefit only resident children.
